

Faithful Navigator

Dear Sir Knights,

I am writing this message to you from North Carolina where I have been “chaperoning” 5 of my grandsons while their parents are away and the reason that I say “chaperoning” is that they range in age of 8 to 17 and one doesn’t “babysit” this age. I have been here for 10 days now and I only have to survive 1 ½ more days until their parents return.

I have come to better understand what parents nowadays go through trying to juggle work, housework, homework and athletic activities which in my case is soccer. Needless to say, however, that this has been a wonderful experience for me since I have not had this opportunity in the all of my grandparent years and I would do it again.

This reminds me in a way of the Holy Family and how their life most definitely was a little less hectic. I speculate that their life went a little bit like this: *Mary would get up and fix breakfast for Joseph and Jesus. After that Joseph would take Jesus out to the back and teach Him the skills of a carpenter, a break for lunch, and then out back again to actually do some carpentry for neighbors to earn a living. Later it would be dinner and probably some study time of the scriptures and then to bed. This day would repeat itself six times until they rested on the Sabbath.*

Oh, what did I say at the end...”rested on the Sabbath”. That is something nowadays that doesn’t happen to most of us. Sunday is treated as a day to catch up on what didn’t get done during the week. What would it take for each of us to try just for one month to “rest of the Sabbath”.

As members of the Patriotic Order, it would be a challenge for us to try and find a way to use one of these “resting days” to reflect on how we could help our Assembly gain more members and become more active in our Patriotic endeavors with overwhelming participation

Live Jesus
