**PUZZLES BY THE SMC**

1. Three missionaries and three cannibals want to get to the other side of a river. There is a small boat, which can fit only two. To prevent a tragedy, there can never be more cannibals than missionaries together. How can all the cannibals and missionaries cross the river safely?

2. If you had a 5-liter bowl and a 3-liter bowl, and an unlimited access to water, how would you measure exactly 4 liters?
3. Brothers and sisters I have none but this man's father is my father's son. Who is the man?

## On The Lighter Side

Sister Marry was truly a religious woman. Besides for her duties as a nun, she was also very active in various hospitals visiting sick patients and taking care of all their needs. So it was no surprise that one day when she ran out of gas, the only container she could find to put the gas into was a bedpan. Sister Mary happily walked two blocks to the closest gas station filled up the bedpan with gas and headed back to her car. Luck would have it that as Sister Mary started tipping the gas into the fuel tank, the traffic light turned red and she had quite a large audience witnessing the spectacle. Just when she finished pouring in the last drops of gas a fellow opened up his window and hollered, “I swear! If that car starts I’m becoming a religious man!”

---

A man died and went to The Judgment, they told him, “Before you meet with God, I should tell you — we’ve looked over your life, and to be honest you really didn’t do anything particularly good or bad. We’re not really sure what to do with you. Can you tell us anything you did that can help us make a decision?” The newly arrived soul thought for a moment and replied, “Yeah, once I was driving along and came upon a person who was being harassed by a group of thugs. So I pulled over, got out a bat, and went up to the leader of the thugs. He was a big, muscular guy with a ring pierced through his lip. Well, I tore the ring out of his lip, and told him he and his gang had better stop bothering this guy or they would have to deal with me!” “Wow that’s impressive, “When did this happen?” “About three minutes ago,” came the reply.

## Trivia Answers

1 cannibal and 1 missionary there, missionary back. 2 cannibals there, 1 cannibal back. 2 missionaries there, 1 missionary and 1 cannibal back. 2 missionaries there, 1 cannibal back. This one cannibal takes the remaining cannibals to the other side.

Fill the 5-litre bowl and pour water to the 3-litre bowl, which you empty afterwards. From the 5-litre bowl pour the 2 remaining litres to the 3-litre bowl. Refill the 5-litre bowl and fill in the 3-litre bowl (with 1 litre), so there stay the 4 required litres in the 5-litre bowl.

The man is my son.
