DONATION

When our warriors return from combat and exit the service, medical is offered but at times it's hard to get the equipment needed to assist your everyday life. Our Assembly donated to the **Patriot Riders**, a shower chair, crutches, portable 3 in 1 commode, and a walker. They deliver these items to warriors in need of these items. This will save our warriors nearly \$500 if they had to purchase them their self.

We also collected a number of items for the Veterans in VA Hospitals and VA Homeless Outreach Centers.

District Calendar Information

The Master asked for a District calendar for the Master's website. You will find this calendar on the Master's website, <https://www.kcmaryland4th.org>, labeled "District Calendar" in the header.

As you see this calendar, its default setting is "Agenda" which is a row-by-row view of events. If you prefer, you can click on "Pin board" or "Monthly." The calendar will change in your browser with both those settings. Regardless of the view which you choose, if you click on any single event, it will expand into a second tab. There you will find email addresses for Points of Contact or phone numbers if you prefer. You will also see an icon labeled "Map", and if you click that, the address will appear in Google maps.

If you click any individual tag, the calendar will self-sort and all events labeled with that tag will appear. At the top of the calendar is a button labeled "Subscribe". If you click that button, there are detailed instructions on how to populate a Google calendar, Outlook and so on if you have such a calendar on your Assembly website. Just use the "short code link" which appears and place that into the target calendar following the instructions. On some Events, you may notice a button labeled "RSVP." This is to enable you to respond to the Marshals and let them know whether you will appear for that specific function.

Prayer Request

Sir Knights,

One of our members, S/K **Tom Zlockie**, was reported, at church this morning, to have had a heart attack earlier last week. He is now at Washington Hospital Center where he is report to have undergone a multi-path bypass operation. He is apparently recovering well. I am certain that additional prayers would be most helpful in his recovery.
