# Big Changes to the Hall

October 18-25: Mike Curtin GC'ed a crew in removing the old hall floor tiles; grinding to near smooth; leveling the floor around the edges and then installing a beautiful, looking LVT tile. The new tile extends from the entrance foyer; main hall; cloak closet; electrical room; bar and kitchen foyer. Thanks to the Watkins Family benefit!!

Digital Display: Bro. Ted is supporting this activity....the BOD's understanding is that its an electronic marquee versus our white/chalk board. Bro. Ted is along the home stretch completing the A/V system; sound system; projector; screen; etc. Brought to you by the Watkins Benefit.

October 24: Brothers Jay Kemper and Jack Elliot started on the replacement of spindles on the gazebo. Jay plans a work party to pressure-wash the woodworks and then come back paint it --- top to bottom. They've even considered retaining the deck. JFMHA is looking to reconnect the water sprinkler; place on a timer and reattempt growing some shade-loving plants.

Ball field Tenant: Angel has started on the renovations to the interior of the blockhouse. He's just installing partitions for an office space and equipment. His connections to the Astros' have yielded him some replacement grass and pitching equipment.

November (TBD): We intend to replace at least 2 HVAC units (one by the JFMHA and one by Watkins/Council). Thanks to Bro. Jose Ruvalcaba; his firm has the lead. Interior Painting: To go along with the new floor upgrade; JFMHA intends to paint the interior, after repairing any drywall cracks, in December. Stay tuned!

## RESPECT LIFE

My Brother Knights,

Everyday, prayers, time and donations for pro-life ministries are saving hundreds of lives across our country. The support of Crisis Pregnancy(Centers, Right to Life chapters, Respect Life groups, and other pro-life organizations constantly save lives and change hearts. It is because people like you who support these groups that women are able to avoid the pain and guilt of abortion and, instead, give life to their child.

While many support these efforts to protect life, more needs to be done. Our country has 1,210,000 fewer babies every year because of abortion and nearly 1\3 of these women will have to work through the guilt of killing their child. In the U.S , abortion is legal up until the day of birth and 1 out of 3 states allow minors to abortions even if their parents object. The numbers are daunting , but you can help.

We value and protect the unborn baby. We respect the preborn as a person known to God before they were even conceived. We fight for their right to Life. We respect and value everyone despite economics, status, religion, education, zip code, conveniences, birth defects, disabilities, illnesses, race or beliefs. We treat the elderly with love and compassion. We give them dignity and honor, respect their right to life, and stand by them all the way to their expected and natural end.

How far you go in Life depends on your being tender with the young, compassionate with aged, sympathetic with the striving, and tolerant of the weak and the strong. Because someday in Life you will have been all of these.

Our next opportunity to help the Helpers of God's Precious Infants will be on Saturday November 18, 2017 at St Annunciation located 1618 Texas Ave. Houston, Tx 77003 for a 8:00 am Mass followed by a Rosary at Houston Women's Clinic located at 4820 San Jacinto. Parking will be along Caroline St. Remember Brothers, now is the time to step up to the plate and invite the Family and Friends to become the voice of the voiceless. Because together much can be accomplished!!!

Your Brother in Christ

## INSURANCE

### Only Having Insurance “Through Work” Doesn't Work

Do you know anyone whose life or career has drastically changed during these years of economic downturn? It's very likely that someone in your immediate or extended family or group of friends is facing financial uncertainty. Maybe there's a possibility that you (or your spouse) could lose your job or change employers.

Too many people have often relied on group term life insurance as their only safety net. Often, this insurance is an employee benefit provided at low or no cost. The existence of this coverage might convince someone that personally-owned life insurance is not necessary.

But only having “through work” insurance can leave you and your family vulnerable. Most group life insurance policies are limited in amount, which may be tied to salary or some other benchmark. These numbers are often capped, and this cap may be dangerously low when compared to your family's actual needs. In fact, a detailed needs analysis that evaluates your specific situation, will likely show that any employer-provided coverage falls short.

In addition, the amount of group insurance offered is almost always reduced, sometimes dramatically, when you retire. You could one day find yourself without coverage, and if your health has changed (which it will as you age), you might also find yourself unable to secure individual protection. At the very least, it will definitely be more expensive.

While group life insurance can help, it does not replace the need for individually owned life insurance. I'll be happy to meet with you and provide a no-cost needs analysis, so you'll know exactly where you stand.

Open enrollment is coming for most of you. Allow me to conduct a full review of your coverage so we can close any gaps you might have and, at the same time, protect your insurability. Call me today!
