Grand Knight's Report

Thank you Mark McMahon and Dr. Joe Childs for chairing the annual community Tootsie Roll Drive. Great Job!

I wish to extend a welcome to the Council's four newest members: Lonnie Nedved, Robert Hoffman, Mike Voorhees and Dan Froning. Thanks to all those who helped distribute info and visited with potential new members after the Masses on October 14th and 15th. The Council's next Admission Degree is scheduled for Sunday December 3rd at 10:30 AM at John Paul II School. If you know of potential candidates but the above date doesn't work for, contact Vince or Tom and we will accommodate the individual(s).

At the October meeting those in attendance voted to change the Council's meeting night to the 2nd Thursday of the month to accommodate our Priests so they could attend our meetings. Thank you Father Ken for agreeing to be our Chaplain.

Another decision the Council needs to make is whether to continue to have the home corporation own and maintain the Council Hall or put it up for sale? This question is being raised for two reasons. First, the Supreme Council would like all Councils to align themselves with a Parish and no longer have a home corporation that owns a building. Secondly, should our funds be used to pay for the maintenance on the building when they could be used to further the Order's goal of helping the less fortunate?

Why align with a Parish? To become more visible to potential new members and families of the Parish, to promote the Order's goal of building the Domestic Church (the family and family values) and to be more accessible to the Priest(s).

In regards to the second reason, the cost to maintain the facility is either derived from rent or activities the home corporation facilitates, or financial support from the general funds of the Council. In recent years when the IRS has audited home corporations, they have revoked the tax exempt status of the home corporation and the Council because too much of the Council's funds and time were being used to maintain the building verses using the funds for charity which is the basis for the tax exempt status. I don't believe we are in danger of being in that situation but that could change and must be considered.

The members who have been newly elected to our building association board of directors are Ken Schlinggen, Gene Kessler, Scott Fuhrer, Herm Harms, Jim Radke, Doug Timmer, and Ken Busmuss.

Take some time to share your thoughts with the Council officers and/or the building association board of directors before or during the December 14, 2017 Council meeting. A consensus of the member's thoughts will be forwarded to building association board of directors so they know how to proceed with their duties. If the recommendation is to continue to own a building, the by-laws must be amended and rental/use agreements must be put in place to be in compliance with the directive of the Supreme Council and the IRS tax codes. If the consensus is to liquidate the property, the by-laws would still need minor revisions and ballots would need to be distributed to all members of the Council for a vote before any sale of the property could proceed.

Vivat Jesus!
Vince Boddicker

Building the Domestic Church

Monthly Themes & Meditations

November

The Communion of Saints: By virtue of baptism and the sacramental graces of marriage, the Christian family is built into a communion of saints. Holiness is a gift given to every baptized Christian that becomes a joyful task for the whole of life.

December

Joy: Joy is an attribute of God's divine love. To reflect God in our family life, we are called to be joyful by developing our relationship with Christ.
