NEWSLETTER OF THE YEAR

Publication Month – April 2019

COUNCIL 9058 NEWSLETTER

Grand Knight's Report

The Grand Knight reported next monthly planning meeting will be on April 24th, all are welcome to attend these meetings.

The Grand knight informed the council that the last quarterly meeting outlined “The Father McGivney Guild”, a decree from Pope Benedict XVI recognizing the heroism and virtue of Father McGivney in the hopes of starting a path to his sainthood. The Guild offers weekly masses, All Souls Novena masses, Novena for world peace, Christmas and Easter masses, etc. More information can be found on the Supreme website.

The Grand Knight informed the council even though Lent is half way through, scheduled events for the “40 days of Life” can be found in the weekly brief, with the primary event being a vigil in Concord (Equality Health Center) for the entire 40 days ending on April 15th. You can participate for any amount of time.

Business Meeting Minutes

The council's last business meeting was held on April 1st. Minutes from the meeting can be found on our Council Website in the Members Only section. A link to the member section can be found [here](#).

This newsletter is for all Brother Knights so feel free to use it if you have anything for sale or you want some work done or are looking for a tradesman - maybe one of our Brother Knights could use the extra work. It's a good tool for some free advertising or if you have a prayer request. Just send any information on birthdays, anniversaries, or anything you would like to put in the newsletter to Nick S. Good Jokes & Recipes are always welcome. Email Dan Beaulé at dbeaule1@gmail.com or John Keisling at jfkeisling@gmail.com.

PUZZLES BY THE SMC

1. My current age, is the age of my brother (who is 14), plus one third of my age. How old will I be when my brother is twice his current age?
2. In the local wood there are a number of trees. On these trees there are a number of birds. The local game keeper knows that there are as many birds on each tree as there are trees in the wood. He also knows that there are between 2000 and 2100 birds in total. How many trees are there in the wood?
3. The International Women's Speed Skating championship was recently completed, however, the computer storing the results suffered from a power cut. Using the following information, can you determine who finished where, their ages (18, 21, 24 and 28) and the color they wore?
 - The youngest, who didn't wear blue, won the championship.
 - Jessica was three years younger than the person who wore red.
 - Katy performed well to finish in second place.
 - Lauren wore green and Mary was the oldest competitor.
 - The person who wore yellow was younger than Katy, whereas the person who came last was 21.

On The Lighter Side

A blonde and a lawyer are seated next to each other on a flight from LA to NY. The lawyer asks if she would like to play a fun game. The blonde, tired, just wants to take a nap. Politely she declines and rolls over to the window to catch a few winks. The lawyer persists and explains that the game is easy and a lot of fun.

He explains, "I ask you a question, and if you don't know the answer, you pay me \$5.00, and vice versa." Again, she declines and tries to get some sleep. The lawyer, now agitated, says, "Okay, if you don't know the answer you pay me \$5.00, and if I don't know the answer, I will pay you \$500.00." This catches the blonde's attention and, figuring there will be no end to this torment unless she plays, agrees to the game.

The lawyer asks the first question. "What's the distance from the earth to the moon?" The blonde doesn't say a word, reaches into her purse, pulls out a \$5.00 bill and hands it to the lawyer. "Okay," says the lawyer, "your turn." She asks the lawyer, "What goes up a hill with three legs and comes down with four legs?" The lawyer, puzzled, takes out his laptop computer and searches all his references. No answer. Frustrated, he sends e-mails to all his friends and coworkers, to no avail. After an hour, he wakes the blonde and hands her \$500.00. The blonde says, "Thank you," puts her head on the pillow and goes back to sleep.

The lawyer, who is more than a little miffed, wakes the blonde and asks, "Well, what's the answer?" Without a word, the blonde reaches into her purse, hands the lawyer \$5.00, and goes back to sleep.

When NASA first began sending astronauts into space, they were confronted by a small problem. Their standard ballpoint pens would not work in space. They spent a decade and twelve million dollars designing a pen that would work below three hundred degrees, in space, and on glass.

Trivia Answers

1. I will be 35 (in 14 years time). I am currently 21.

If x is my current age, then:

$$x = 14/3 + x$$

so

$$3x = 42 + x$$

and

$$2x = 42$$

So

$$x = 21$$

I am currently 21 and my brother is currently 14, when he is 28 (double his age) I will be 35.

2. 45 trees.

Therefore $45 \times 45 = 2025$ birds.

We are after a number whose square lies between 2000 and 2100. 45 is the only such number.

3. Lauren Green 18 - first
Katy Red 24 - second
Mary Blue 28 - third
Jessica Yellow 21 - last
