District Deputy Report

Jim Dubas

Brothers we are done with the State K of C convention and it was well attended. Now it is time to step up and finish the year strong by energizing our council and making sure the line of command is secure. Election of officers is done in May. None of the positions open from Grand Knight to

Guard require excessive talent or time, but a commitment is needed for the Knights to be the "Arm of the Church". If you do your part all will run smooth, Please be a servant like Jesus has asked every Christian to be. All the pastors agree that more can be done for the Church when a body of men in the Knights is ready and willing.

We have been asked by the Supreme and State officers to offer to families in our parishes the opportunity to become Knights. If you know of anyone who would be wanting to know more about K of C there will be an open house in Kearney at the CMO hall 'AKA the KC hall' for the men and their family on May 14 Saturday, starting at 6 PM. Food and drinks will be provided and a short program will be shown. RSVP if you can by May 7, 308-237-4255 but don't let that stop you asking and bringing someone.

If you read your KNIGHTLINE you saw about the Genocide of Christians, please pray for the end of the persecution.

God bless you VIVAT JESUS.

Don't Assume You Can't Afford Disability Income Insurance

One of the biggest mistakes you can make regarding disability insurance is to assume you can't afford it or you won't qualify. Before you make that assumption, do some basic research and apply for coverage through the Knights of Columbus. The Order's Income Armor product gives you options that can help you fit this critical protection into your risk management budget.

Here are two ways you can reduce your premium:

1. Choose a two-year or five-year maximum benefit period.

Depending on your age, the best option is probably a policy that pays benefits until you reach age 67. But a two-year or five-year duration benefit period would cover disabilities you might encounter in your working life.

2. Choose a longer elimination period.

An elimination period is the number of days a total disability must exist before benefits begin to accrue. Typical elimination periods are 30, 90, or 180 days. Choosing a longer elimination period lowers the policy's premium. But be sure you have enough set aside in your contingency fund to account for the longer gap.

As your professional insurance agent, risk management is my specialty. Let's talk about how to protect your income, your retirement needs, and your family's financial future.
