Money

Money can be a valuable tool for helping to accomplish God's work on earth, so money itself is not evil - but the love of money can be. Money is dangerous when it deceives you into thinking that wealth will solve all your problems. Loving money is sinful when you trust it more than God for your security. Since God gave you the ability to make money, it really belong to him. The crucial question is not how much of your money you should give to God but how much of God's money should you keep for yourself. How important is money in your life?

Trust in your money and down you go! - Proverbs 11:28
