**Hi Brothers,**

It's been a week's few since the last time we talked. We had some technical difficulties but our resident bits and bytes guru, Financial Secretary, and all around good guy Jim Jones came to my rescue and has us up and running. Thank you Jim.

Everyone thinks that since I worked for IBM for 41 years that I am somehow technical in nature. The truth of the matter is I was a finance guy \$\$\$.

When I was Business Planning Manager for IBM Office, the Usability Manager testing new software would call and ask me to test new product releases, but would secretly tell his people if Hennessey can understand this and get through it, anyone can!!! Which unfortunately was probably true. Today as a retired guy when I push the on button on my computer at home and my computer doesn't light up I call, Lorraine Help !!!(my wife). It's nice having a techie person (retired programmer) living with you that can keep me connected to the outside world..

So after 7 years or so of bringing you the Council News.

### Know God's Will

One of the mysteries of life is seeking the will of God. We desperately want to know what God wants us to do, but we're not really sure how to find out. While it's true that we will never know all of God's will (after all He is God), we can know a lot of what He wants us to do by spending time with Him. That's how we will know what He wants from us. How do we do that? By reading the Bible and reflecting on His Word. If you want to know God's will, spend time with Him!

Scripture verse - Psalm 119:105

Your word is a lamp for my feet and a light for my path.
