Brother Knight Marc C. Bollon joined the Knights of Columbus, Council 759 as a 1st Degree Knight June 4th 2012. He was exemplified to the 2nd and 3rd Degrees, August 11th 2012.

He wasted no time in volunteering his assistance where he could, even while holding down a full time job with responsibility for security at the DFW Airport.

He and his spouse Arcy have two beautiful children and are a very devote Catholic family in the Parish of St. Elizabeth Ann Seton, Keller, Texas.

Noticing his willingness to volunteer and do more for the Knights of Columbus in support of Charity and Family involvement. The Council asked if he would take on the important job of Family Director within our Council, which he readily accepted.

Movie events. He recently kicked off the Substance Abuse Poster Contest, working with school principle Kay Burrell. He has more family events planned including a Family Picnic and an Easter Egg Hunt. And continuously considers how to make each event even better next time.

During these events he had helped demonstrate to others what the Knights of Columbus in Keller are all about and has recruited new members as a result. He not only recruits but follows up with a new member to attend with the new member's 1st Degree exemplification.

The Robert M. Nolan Council #759 is proud to recognize Brother Knight Marc C. Bollon as the Knight of the Month for October 2013.

Family of the Month:

SK Rob Meyer and Lady Debbie

Sir Knight Robert A. Meyer and Lady Debbie.

Sir Knight, Robert A. Meyer completed 1st degree in January of 1991, he completed the 2nd and 3rd Degree shortly thereafter. He completed the 4th Degree exemplification in September 2001.

During his service to council #759 he has served in many capacities including Membership Director, and still recruits at all Knight events that he attends today. His efforts in recruitment have resulted in many new Catholic gentlemen becoming a Knight of Columbus and no doubt he will add more to his recruitment totals as time goes on.

His involvement in the 4th Degree is very commendable as he has served as a Color Corps Commander, held the offices of Pilot, Captain, Faithful Navigator, Admiral, and now is a trustee of San Juan Diego, Assembly #2857. During his tenure as Faithful Navigator he accomplished installing lights on the flags around the pond on Church property for night time use. This was a difficult task, it was accomplished and we are thankful for the results. He also secured financing and volunteer help to complete a much needed storage facility for the 4th Degree items needing a central place for access by members.

Robert A. Meyer (Rob) serves St. Elizabeth Ann Seton Catholic Church in Keller, TX in many capacities. He and his spouse Debbie work tirelessly in several ministries to make SEAS the best Parish it can be. This Sir Knight and Lady Debbie have also been involved with Why Catholic and various bible study groups.

Sir Knight Rob is a graduate of the Naval Academy and

served as an officer. He is also an aircraft pilot and using that skill, Rob and Debbie served as missionaries to the people of New Guinea by flying needed supplies to many of the populous living there.

Sir Knight Rob Meyer and Lady Debbie are proud to have 4 children and 14 grandchildren. They often have visits from their grandchildren at their home in Keller.

We are proud to have members like Sir Knight Rob in our council with the desire, commitment and humility that Father McGivney envisioned members having in the Knights of Columbus.

It is my pleasure as Grand Knight Council #759 to recognize Sir Knight Robert A. Meyer and Lady Debbie as the Family of the month for October 2013.

FALL FEST THANK YOU!!!

Knights of

November 2013

Fall Fest 2013 - October 12-13

Dear Brothers in Christ,

Let me sincerely thank you for your hard work and support during this years fall fest. Because of this, again this year the KoC 759 food booth was very successful. The weather held up, and we had many folks who attended the fest, stop

by and enjoy our food. We achieved our financial goals set by the council, returned any excess food we could and distributed the remainder to the Beautiful Feet Mission.

It is hard to name every individual that helped out, nor do I even dare to try as I know I would forget someone. But from the guys who smoked and chopped the brisket at Labor day, to the men, wife's, sons and daughters that cooked, prepared and served the food during the event, and the people that stayed and helped clean up after, I cannot thank you enough for being there to support me in my first year as the event coordinator.

I hope you keep as many good memories as I have of that weekend, and I hope to see you all there next year.

Thanks to all

Richard Laporte

COUNCIL 759 PRO-LIFE DIRECTOR TIM JOHNSON SHARES THIS THOUGHTS WITH HIS FRIENDS.

(I want to share a note that our Pro-Life Director sent to a group

of his friends. It is just too great a note not to share with all of you.) - Bob Hennessey

Tim's note gives great insight into the kind of church community and dedicated people we have at SEAS. It make me sad when I hear some of our fellow parishioner's carry on about the length of Mass or the content of a sermon or some other mundane activity and they don't understand the types of incredible things happening around them. But on the other hand I'm in awe the people who do God's work and are out doing what Pope Francis has challenged us to do.

The next time you see Tim thank him for the work that he and his wife Teresa do in God's name. Better yet say a prayer thanking God that we have people like Tim and Teresa doing his work and giving us an example to follow. God Bless you guys!!!!

Friends,

<http://dfw.cbslocal.com/2013/11/01/abortion-clinics-start-closing-across-texas/>

<http://www.nbcdfw.com/news/local/Texas-Abortion-Clinics-to-Stay-Open-Following-Ruling-229674191.html>

I haven't written one of these emails for awhile, but thought why not belt one out tonight. Things have gotten a bit hectic in the past month for Teresa and I and tonight we hit the brakes. No 40 Days for Life tomorrow morning, and no commitments tonight, we talked about things and said a rosary tonight. Now we are just relaxing with the fireplace going.

Friday, 10/25, I woke up on the wrong side of the bed. It was my Friday off and I felt like a black cloud parked over my side of the bed. This the day Teresa and I go together to pray at Whole Women's Health (WWH) abortion facility in Fort Worth. Praying was rough as I could not clean my mind of work, political junk and other trivial stuff. I saw a lot of good friends there, but I stuck to myself. It got even worse when a black car pulled up in front of me with a woman in the passenger, who was distraught and her "man" in the driver's seat. As he got out, the sidewalk counselors started to talk to him. He immediately told them he spoke no english, so to his surprise, another set of counselors started to speak to him. He shouted back at them things like, "maybe next time we'll adopt" and other stuff us men like to say when we shirk responsibility. The worst of it was his INDIFFERENCE, APATHY towards his "woman and the baby. In the end, he and his "woman" went inside to get a sonogram.

It was a tough day, but I usually do OK, today was different. I had to get some stuff out, and it was Teresa who talked me off

the ledge and get a grip. Because of her, I was better prepared for the next day and the days to come.

Saturday, 10/26 - Overload 2013. 48 high school and middle school students, from St. Elizabeth Ann Seton, parish piled into a bus outside the formation building and headed to Whole Women's Health. There were some 15 adults in caravan. By the time we all unloaded at WWH, counting the four evangelicals, and eight St. Francis of Assisi Grapevine, there were 84 souls praying on the sidewalk! It was an awesome site.

The staff at WWH did not know what to do. So, for over an hour, we prayed. Our sidewalk counselors witnessed among the prayers. The black car pulled in with the couple from Friday.

They were there for the abortion. They did not stop to talk, they went right in. However, the prayer rhythm did not miss a beat.

Afterwards, Gabe, the high school youth minister, gave the kids a talk and asked them what they thought. For most, it was their first time they had prayed at an abortion clinic. It was very compassionate that Gabe and Chris made time for the kids to decompress, rather than get straight on the bus. Overload ended at 11pm that night. Teresa and I were with the crowd that shut it down. The group had adults, young adults and kids numbered near 20 at that time. It was great. The next time you see Gabe Gutierrez and Chris West, you need to shake their hands.

Sunday 10/27 - High School Religious Education (SNL).

Religious Freedom was the subject. Kathryn Wietz and I put on a skit. Teresa did a lot of the heavy lifting. Gabe gave a great talk. Our small groups had very good discussions.

Tuesday 10/28 - I made to Planned Parenthood (PPH) for my 3am to 5am prayer shift for 40 days for Life. I was alone from 3 to 4am. No biggy, that's more time with God. Earlier that night, Teresa let me know that the Judge in Austin killed portions of HB2 (pro-life law). He claimed that the law was unconstitutional in not allowing a "doctor" to perform abortions. He also declared the FDA rules on RU-486 were too strict and that it should not require a licensed medical doctor to administer the pill. He left the 20 week (5 month) ban in place. I was not mad, just disappointed. Wendy Davis had also chimed in and said "Texas did not need to spend money on enforcing these laws, rather it should put its money in education." "Way to go Wendy", I thought. The first thing I thought was, Texas has one of the highest teen pregnancy rates, so much for putting money into the school system for education, especially sex education. Kind of made me chuckle. But I said the divine mercy chaplet before I go on site, and I felt good. My friend, Mike, came at 4, we talked a little, then we prayed the rosary. About 4:40 am, a channel 5

van pulled up. I knew that if the judge rule for the law, they wouldn't have been there, but there they were. It is interesting how God puts things together. So, I got interviewed. I spoke about a minute, giving them some good stuff as I knew that half a second might make the news. Mike said I did OK, so I took his word for it. Thankfully, the crew was there almost all day. Many folks gave witness for the unborn and women's health.

Friday 11/1- Teresa went to WWH to pray. The decision by the 5th circuit court was handed down late Thursday night. She called me and let me know she was the only there at WWH, and that there as the channel 11 news van in the parking lot. We both agreed she should not leave, but wait for her friend. I told her she needed to be a witness for LIFE, because WWH was going to get all the news if she did not stay. She was afraid of what to say, but I told her, just let the Holy Spirit guide you.

Witness to the reporter in Truth. So, she did go to the sidewalk. When questioned by a worker why she was there as no abortions were being performed, Teresa countered that she was there for her, praying that she would have the courage to find a better job, and that she had always been there for the workers as well as the mother, the fathers and the babies. Teresa was interviewed by channel 11 and Star Telegram. The reporter from Star Telegram called Teresa later to get more of her personal story. Teresa made both the channel 11 news and the Star Telegram article, which was Saturday's front page article. What is even more amazing, is that Teresa closed out the article on page 17A. Also, many of Teresa's friends had comments or pictures in the news and the paper. The great thing is that that all was peaceful on the Pro-Life side of things. I cannot say enough about Teresa's strength and courage and that of her sidewalk counslor friends. They are awesome. However, on the abortion side, the hate came out. On the channel 11 news, Marva the manager of WWH comments that, "14 of her clients agreed with her that they were being forced to be mothers." The CEO of Whole Women's Health declared, "this was a dark day for women.", and an article from CBS News linked to the Catholic Pulse had a prominent "women's rights advocate say that, "she was not looking forward to see women coming into the emergency rooms with hangers stuck in their bodies." I pray for these folks, and pray for us, so that we have the courage to stand up to the malicious attacks we will face now and in the future.

Saturday 11/2 - Teresa spent time at the Regnum Christi women's retreat. I went to the Sacred Heart Friary and spent the day with friends and the homeless.

Sunday 11/3 - SNL. It is great to be in the company of the adults

supporting the youth and the youth themselves.

Needless to say, the funk I was in on Friday morning is gone.
The power of prayer is awesome. The power of prayer in
community is truly awesome.

Praise God!!

Thanks for reading,

Tim
