NEWSLETTER OF THE YEAR

Publication Month – November 2018

COUNCIL 9058 NEWSLETTER

Grand Knight's Report

The Grand Knight started by acknowledging everyone involved in the Veterans Appreciation Dinner. The Grand Knight reported that the next planning meeting will be November 28th and if you want to have something addressed, see one of the Faith in Action facilitators or simply attend the meeting. The Grand Knight spoke of the budget that was created in June and that there will be a mid-year review in December with a revised budget being available in January. Additionally, procedures will be created to allocate funds more accurately allowing better tracking to the budget.

The Grand Knight then presented Joe Passanise with Knight of the Month for November 2018 for his efforts in the Campaign for People with Intellectual Disabilities Drive and also the very successful Recruitment Drive.

Business Meeting Minutes

The council's last business meeting was held on November 5th. Minutes from the meeting can be found on our Council Website in the Members Only section. A link to the member section can be found [here](#).

This newsletter is for all Brother Knights so feel free to use it if you have anything for sale or you want some work done or are looking for a tradesman - maybe one of our Brother Knights could use the extra work. It's a good tool for some free advertising or if you have a prayer request. Just send any information on birthdays, anniversaries, or anything you would like to put in the newsletter to Nick S. Good Jokes & Recipes are always welcome. Email Dan Beaulé at dbeaule1@gmail.com or John Keisling at jfkeisling@gmail.com.

PUZZLES BY THE SMC

1. During a recent trip to Scotland, I filled my petrol tank to the top, a total of 10 gallons. I travelled at 60 mph up the motorway and I knew that I could average 40 miles per gallon. However, the moment I started, my petrol tank developed a leak and four hours later I ground to a halt having run out of petrol. How much petrol had I lost through the leak

2. Alex is a keen dog admirer and over the years has had a number of dogs.

Alex has had an Alsatian, a Dalmatian, a Poodle and a Great Dane, but not necessarily in that order.

Alex had Jamie first. The Dalmatian was an adored pet before the Great Dane. Sammy, the Alsatian, was the second dog Alex loved. Whitney was housed before the Poodle and Jimmy was not a Great Dane.

Can you tell each of the dogs' name and the order in which Alex had them?

3. By changing the second letter of each word below, you can make another valid word.

Can you change each word such that the second letters will reveal an eleven letter word when read downwards.

Therefore, what now reads AWPYRNUCEPA will be a real word.

On The Lighter Side

A child asked his father, "How were people born?" So his father said, "Adam and Eve made babies, then their babies became adults and made babies, and so on." The child then went to his mother, asked her the same question and she told him, "We were monkeys then we evolved to become like we are now." The child ran back to his father and said, "You lied to me!" His father replied, "No, your mom was talking about her side of the family."

A blonde and a redhead have a ranch. They have just lost their bull. The women need to buy another, but only have \$500. The redhead tells the blonde, "I will go to the market and see if I can find one for under that amount. If I can, I will send you a telegram." She goes to the market and finds one for \$499. Having only one dollar left, she goes to the telegraph office and finds out that it costs one dollar per word. She is stumped on how to tell the blonde to bring the truck and trailer. Finally, she tells the telegraph operator to send the word "comfortable." Skeptical, the operator asks, "How will she know to come with the trailer from just that word?" The redhead replies, "She's a blonde so she reads slow: 'Come for ta bull.'"

Trivia Answers

1. I had lost 4 gallons in total.

I travelled at 60mph for 4 hours, which is 240 miles. At 40 miles per gallon this used 6 gallons, which meant the remaining 4 gallons were lost.

2. Alex had Jamie the Dalmatian first, then Sammy the Alsatian, Whitney the Great Dane and finally, Jimmy the Poodle.

3. Investigate.
