GK Frank Saavedra

Brothers,

A wise man once said, "Tell me who your friends are, and I will tell you who you are". Along those same lines you find that people whose job it is to make others successful, will have their clients mingle with other successful people. It would seem that we are very much influenced by those who are around us. That makes me wonder what kind of influence takes place when you hang around with Knights.

Knights are pushy guys. They push charity and helping others. They push helping their brother Knights when their brothers need help. They push patriotism, and giving aid to veterans and those on active duty. They push for the sanctity of life, and respect for their fellow man. They even push respect for the laws of the Catholic Church, and for the priests who serve God.

That doesn't sound so bad, does it? Wouldn't life be better if we could get a lot more people being influenced by Knights? Maybe there is something to trying to get Catholic Men to join the Knights. Talk to your friends about becoming a Knight. Help them to be a better Catholic and a better man.

God Bless!

GK Frank Saavedra

He should also be aware of council's financial status and ensure that his signature appears on all checks drawn.

Deputy Grand Knight

The deputy grand knight is second in command. He assists the grand knight with council affairs and fulfills all duties assigned to him by the grand knight. Should the grand knight be absent from a council meeting, the deputy grand knight will preside. He is chairman of the council's retention committee and also a member of the Advisory Board charged with overseeing the council sponsored Columbian Squires circle.

The added value of LTC insurance

As life expectancy increases, the number of people in need of long-term care, in their homes or outside facilities, has grown also. Since its addition to the Order's product portfolio in 2000, long-term care (LTC) insurance has provided the Order with an excellent opportunity to further serve Knights and their families. Since 2005, every Knights of Columbus

long-term care policy comes with an added value.

That added value is in the form of a service called "Provider Pathway," a program offering access to a network of long-term care providers at discounted rates. The network covers: home health care, personal emergency response systems, adult day care, assisted living, skilled nursing facilities and durable medical equipment.

Eligibility for participation in this program is open to Knights of Columbus long-term care insurance policyholders, their spouses, dependent children, parents and parents-in-law. All providers are fully credentialed and meet state licensing requirements.

If you are not currently an LTC policyholder, I suggest that we schedule some time together so that I can provide additional information on how you can avail yourself of this significant, value-added benefit.
