

Knights of Columbus Local Council Retention Committee

Here is a description of the local council retention committee that is listed in the [Member Retention](#) section of the Supreme Council Website.

What is the local council retention committee and who are its members?

It is imperative that standards set by the Supreme Council be maintained. This would require that each council maintain a retention committee composed of the Deputy Grand Knight and Council Trustees. The duties of the committee members are to follow the defined procedures in the membership removal process. The Supreme Council wants to take undue stress off of the Financial Secretary by having this committee in place to talk with members in arrears--when possible, face-to-face.

Each man needs to be encouraged to renew his membership in a Knights of Columbus Council that will help him develop his role as a Catholic gentleman in today's increasingly secular society. Your Knights of Columbus Local Council Retention Committee is a valuable resource for this purpose.
