

Tired of zero pro-life laws?

# SO ARE WE.

RightNow is a not-for-profit organization with the mission to increase voter intensity on life issues, identify new pro-life voters and nominate and elect pro-life politicians across the country. It is only when we start building political capital that we'll start seeing pro-life legislation passed in provincial and federal legislatures. Join us to become a winning force in the political arena RightNow!

## It starts RightNow.

After over 45 years of abortion-on-demand in Canada, it's time to say enough is enough. It's time to create a movement that is inclusive of all people, regardless of faith, creed or cultural background. It's time to change the conversation so that politicians and Canadians understand what's at stake. We offer an effective and modern take on sensitive life issues like abortion and euthanasia through our political workshops and high school/university educational presentations. Our goal is to engage people of all ages on these issues, plugging them in to strategic, efficient and effective pro-life initiatives that will elect more pro-life politicians across the country. It's time to get proactive. Join us to become political pro-life advocates today!
