To all District Deputies and Grand Knights

Saskatchewan October 2016

Good day worthy Gentlemen,

As we all know, recruitment is integral to the health of our Domestic Church. We need our Councils to stay strong with new members for the sustainment and betterment of the work we do for our parishes, their pastors and all families.

I am asking for you and your teams to review and promote membership strategies. The State membership team has all the necessary supports that your council(s) require.

In addition, State is also rewarding success with cash. Please review the *Incentive Package* in place to the end of December. There will also be a Columbian Year *Incentive Package* coming shortly.

Please, schedule Admission Degrees in each District. One per District per month. Once the Admission Degrees are scheduled, please share that information with the State office via email or telephone.

I also ask that each Council email me the date of your October church drive.

This information will then be posted to our State website calendar found here:

<http://www.kofcsask.com/>

You will then have a single source to search out Admission Degrees in your area, reducing the incidents of, "I didn't know". This will also contribute to keeping new members engaged by connecting them sooner than later.

Thank you all for all that you do.

kindest Regards and God Bless

Don Brophy
State Membership Director
