CELEBRATES HUMANAЕ VITAE

50 years have passed since these prophetic words were written: *“We are deeply convinced that this is truly a great work, both for the world and for the Church, since man cannot find true happiness, toward which he aspires with all his being, other than by respecting the laws inscribed by God in his very nature...”*

These words were promulgated by, soon to be Canonized, Blessed Pope Paul VI in his Encyclical Letter, *Humanae Vitae*.

The families who freely and joyfully embrace the 2000 year old teaching of the Church, reap the benefits of fidelity to God’s laws. To further quote Article 21, “Such discipline bestows upon family life fruits of serenity and peace, and facilitates the solution to other problems;

- It fosters attention to one’s partner,
- helps both spouses drive out selfishness, the enemy of true love;
- and it deepens their sense of responsibility.

By its means, parents become capable of a deeper and more efficacious influence in the education of their offspring; children and young people grow up with a correct appreciation of human values and, enjoy a serene and harmonious development of their spiritual and sense faculties.”
