MAGNETS:

Keep more money for your cause!

We offer wholesale pricing to help your group make the most money possible in your fundraising activities. Why sell popcorn or chocolate bars and give the snack company half the money? We give you a lot more of the proceeds and our products are far superior to a treat that is quickly forgotten and increases your waistline.

Where does the money go?

You can buy our magnets at wholesale for \$1.50 each, and sell them for \$5, profiting \$3.50 on every sale. That's a bigger profit margin than what you may be used to. Plus, every sale is another magnet evangelizing Christ.

Where do I start?

All you need to do is buy a case (or multiple cases) through this website, at wholesale prices. When you buy a case of 200 pieces for \$300, and sell each piece for \$5, you bring in \$1,000. That's a net profit of \$700 per case (less our modest shipping/handling fees).

So what are you waiting for? Buy your first case and see how well they sell. They never go stale. They don't have an expiration date. Keep them on hand until you sell them all and enjoy the profits for your worthy cause.
