- **Field Agent Message**

Guarantees, protection, and stability are key elements that members and their families look to me to provide to them. Many members who have not finalized plans for their estate, their will, or updated beneficiaries have asked me for input in these matters.

Our Personal Planning workbook, and Profiles+forecaster software financial planning tool continue to offer our members additional benefits and insight they were not aware were a part of their membership. Benefits for members, and materials I provide, are always being upgraded, so it helps to have an annual meeting with me to see what is new.

If you have not yet had a recent refresher meeting with me, or wish to learn more about the tools I have to offer you, please give me a call.

As Catholic men today, we face a lot of choices. Some difficult, others not so much. This one should be easy - Contact me soon to set up your annual review.

Fraternally,

Ken Sosnowski, Field Agent
