**Rules (1 of 3)**

- *Each \$25 purchase of one (1) online bingo card is valid and reusable for each of the six games that will be played during the event. You can buy any number of cards you wish, which increases your chances of winning at any and all of the six games.*
- *By purchasing an online bingo card, you agree that you will receive an exclusive email link that leads to a printable image of your card within 24 hours of the purchase. The link will be sent to the required email address associated with the purchase transaction. It is your responsibility to print this card at home for your use during the event. You can print as many copies as you wish to make it easy for you to mark and discard each card after each game, or you can choose to print only one card and instead of marking it, cover the numbers on your card with dimes, tokens or any similar item that will help you reuse it. If you don't have a printer, you can transcribe the number grid on a piece of paper to make it easier for you to follow the bingo number calls at home.*

**Rules (2 of 3)**

- Prizes on winning cards will be awarded to the person who bought the card. We maintain a register of every card sent out and the email and name associated with the purchaser of each card. In order to win any of the six games, you or your representative must be present virtually in the Zoom room during the game and must call BINGO if the required squares for the game being called are completed.
- We will announce what pattern of completion of squares constitutes a successful BINGO call before the start of each game. If you have BINGO and do not realize and announce it before the next number in the sequence is called, you forfeit your win on that game if the next number called results in somebody else completing BINGO and that person announcing it before you do. Our computerized system allows us to verify the validity of anyone's BINGO claim announcement by checking his or her name via Zoom in our register of cards under that name, which allows us to cross check all the number calls on the game to that point and return a verdict immediately

**Rules (3 of 3)**

- *The link to connect to the event will be sent on December 10 to the email address associated with the purchase of the bingo cards.*

- *The raffle prize draw will be conducted at the end of the last bingo game of the event.*
- *Each raffle ticket purchase will be assigned a number that will be communicated to the purchaser. The raffle ticket stub will be entered into the tumbler. At the end of the event, the winning stub will be drawn from the tumbler live on Zoom.*
- *The winner of the raffle will be announced, and will not need to be present in the Zoom call to claim the prize.*
