WORDS FROM OUR GRAND KNIGHT

Brothers,

October was Respect Life month, but let's not forget life issues the rest of the year, especially in the voting booth. As Knights we must be in line with the church on these matters. Please keep this in mind November 4th.

Please check our calendar for upcoming events later this month. November is another busy month, with our Memorial Mass, golf tournament, veteran's breakfast and regular monthly pancake breakfast coming up rapid fire we will surely need the support of many to have successful events. Keep in mind all these events are for the greater good supporting and honoring those who need help or bravely served our country.

*Thank you,
Fraternally*

Only having “through work” insurance doesn't work

Do you know anyone whose life or career has been drastically changed during these years of economic downturn? It's very likely that someone in your immediate or extended family or group of friends is facing financial uncertainty now. Maybe there's a possibility that you (or your spouse) could lose your job or change employers.

Too many people have often relied on group term life insurance as their only safety net. Often, this insurance is an employee benefit provided at low or no cost. The existence of this coverage might convince someone that personally-owned life insurance is not necessary.

Only having “through work” insurance can leave you and your family vulnerable. Most group life insurance policies are limited in amount, which may be tied to salary or some other benchmark. These numbers are often capped, and this cap may be dangerously low when compared to your family's actual needs. In fact, without a detailed needs analysis, any employer-provided coverage will likely cause a shortfall at the insured's death.

In addition, the amount of group insurance offered is almost always reduced, sometimes dramatically, when you retire. You could one day find yourself without coverage, and if your health has changed (which it will as you age), you might also find yourself unable to secure individual protection. It will definitely be more expensive.

While group life insurance can help, it does not replace the need for individually owned life insurance. I'll be happy to meet with you and provide a no-cost needs analysis, so you'll know exactly where you stand.
