**Standing on the Shoulders of Giants**

St. Joseph the Worker Council 10921 was chartered on June 29, 1992. The 30 men who started this council 30 years ago blazed a trail that has left an indelible mark on our parish and community. None of our successes and growth would have been possible without them. Since then, other Knights have picked up their mantle and brought us to even greater heights. We are now approaching that point where a new generation of young and old Knights is needed to carry us forward into the future. Now is the time to get more involved and partner with those who have led our programs and are more than happy to mentor and coach. Come to our business meeting or officer meeting and see how you can help!
