At a Lenten mission I attended led by Fr. Johnpaul Cafiero OFM, Father shared the following story: Voltaire, a famous 18th century writer & professed atheist, at the moment of his death recorded that he sat up in his bed and exclaimed, "My God...they were right after all." May, even in our lowest moments on this earth, never lose faith in the eternal infinite mercy & love of Jesus.

Family of the Month for April is the Elda Varas family. She is better known as Mama Elda, for her restaurant she owns. Mama has given food & money many times to our church for many functions. She now is helping Father Juan Pedro with the Hispanic community, specifically our Hispanic 1st Communicants. We are very proud to have the Mama Elda's Family as the Family of the Month for April. By the way, you have to stop by and try their Hispanic Sweet Rolls!
