

Grand Knight Spotlight

Having spent much of my life accentuating the negative, I tend now to emphasize & call out the positive....which most people are completely not use to. I recently called 4 of my 6th grade boys out in the hall, to which they reacted with utter terror. I then proceeded to praise them for their charity & leadership in chaperoning a potential new student who was scared to death, making him feel both welcome and included. I then gave them some football cards as a 'thank you'.

"God knows best; and we can hardly do better than not only being resigned to whatever God permits. But even before him to thank him for his mercifully, loving designs"

Blessed Solanus Casey
